Rock and Roll Land Company
c/o John Davis
1850 Beneficial Life Tower
Salt Lake City, UT 84111

Dear Mr. Davis:

RE: ML 45599 Building Stone/Limestone
S/035/012 Salt Lake County

In 1992 a notice of intent to commence mining operations in Parleys Canyon was filed by your client, Rock and Roll Land Co. The division subsequently requested that the applicant perform a cultural resources survey of the state lands involved in the project. By your letter of June 10, 1992, you inferred that mining would not in fact commence upon the lands within the above numbered lease in the immediate future.

Since it has been almost two years without any operations upon the leasehold, I am deactivating the division's file regarding this project. Please provide the division with a new or updated notice of intent at least 60 days prior to commencing any operations upon these state lands within this leasehold.

Also, please be advised that no mineral exploration or mining activity whatsoever that may disturb the surface of the lands contained within this lease may be performed by the Lessee until a cultural resources survey has been completed. Failure of the Lessee to comply with this request may subject the lease to cancellation.

Thank you for your cooperation in this matter. Please contact me if you have any questions.

Sincerely,

JOHN T. BLAKE
MINERAL RESOURCES SPECIALIST
